Instructions and Things to Know:

- Make sure the Header columns are displayed exactly how the format example has it listed below.
- Although you will never get charged for records with no hits, your results will depend on where you get your data from.
- The order in which you submit your list is the order in which it will be returned to you, with or without the results next to each record.
- Only first and last name property owners can be searched. Entities such as Trusts and Corporations will not be searched.
- If possible, we suggest using the property owner's mailing address for the best results of your search.
